Aims, objectives or activities of the organisation	Background LEW&TV is a local not for profit children's charity delivering vital workshops in primary schools for children aged 3 to 11. We are linked to the national charity Coram, the leading children's charity for Health & Drug education in the UK. Our mission is to empower children and young people to make safe, healthy, and informed life choices. We focus on the development of the whole person, promoting physical, emotional, and social well-being. Costs and funding The cost to deliver our project into schools is £540 per day; schools contribute approximately 70% of the cost, so we need to fundraise for the shortfall. We will be delivering workshops to the school for 2 days, which equates to a shortfall of £310. We do not expect your Council to contribute the whole of the difference, but obviously that would be fantastic if you were able. Nevertheless, any contribution you could make would make a real difference to outcomes for local children and families.

Subsidising the cost to the school means that we can reach more children with our message of healthy living.

We receive no direct government funding so we hope that you will be able to help us change these outcomes for our children. With your donation, we can give more children the opportunity to benefit from our 'skills for life' programme, helping to keep them safe, healthy, happy and achieving their very best.

100% of staff agreed that the workshops were well delivered

100% of staff agreed that the workshops met children's needs

100% of staff would recommend Coram Life Education & SCARF to another school

We believe that early intervention education lays the foundations to key life skills for lifelong learning, behaviour, and social & emotional health thus reducing gaps in inequality.

The need

- 41% of boys and 35% of girls aged 10-11 were either overweight or obese (5)
- 31% of pupils reported that they had been offered drugs (2)
- 9% of children aged 8-15 have ever used e-cigarettes or vaping devices (1)
- 20% of children aged 8-16 were identified as having a probable mental disorder (4)
- 28% of 8-11 year olds who go online say they have seen something worrying or nasty (3)

Our work

We deliver workshops with highly trained educators in schools around these current topics:

1. **Physical Health and Wellbeing:** *drug education, nutrition, exercise, personal health choices*
2. **Mental Wellbeing:** *'5 ways to wellbeing', resilience, self-worth and positive mental attitude*
3. **Online Behaviours:** *online safety, digital literacy and managing on and offline behaviours*
4. **Relationship Education:** *bullying, tolerance, diversity, personal boundaries and healthy relationships with their peers and the wider community.*

Research shows that **children who have better health and emotional well-being do better in life.**

Quotes from children

- *"I cannot choose a favourite part. I liked it all so much".*
- *"We all have different talents, and everyone is special".*
- *"I think it is really important to learn about not having too much screen time".*
- *"Happiness is good".*
- *"I listened to some of the suggestions for mental health."*
- *"I know I can make my own decisions and to stand up for what I think."*
- *"It will help me to say no; make my own decisions; be more resilient; be more assertive and have more confidence in myself."*
- *"We learnt how to look after our body, stay healthy and help people."*

"I know firsthand how important this work is from the little ones in Reception who are figuring out what makes them who they are, helping them with their emotions and self-regulating, all the way up to year 6 where they are learning about health and drug education. In this ever-changing world this work is so important to help educate these young minds. Life Education Wessex & Thames Valley make a huge difference in the community, and it wouldn't be possible without their fundraising efforts." COMMUNITY GRANT APPLICATION FORM

Name of the organisation	Yeovil ShopMobility
Address of website, if available	www.yeovilshopmobility.co.uk
Bank account details	
Name of person(s) submitting the application	Julia White
What is your position in the organisation?	Manager
Contact address, including phone number & email address	Yeovil ShopMobility Quedam Shopping Centre Quedam Carpark Basement Lift Lobby Yeovil BA20 1EY
Geographical area covered (delete as appropriate)	We are based in Yeovil town centre and primarily serve Yeovil and the surrounding areas, including the parish of Brympton and nearby villages. Our users come from across South Somerset and occasionally beyond but many are local residents who rely on our service regularly.
Aims, objectives or activities of the organisation	Yeovil Shopmobility is a small, volunteer-led charity that enables people with limited mobility — whether temporary or permanent — to access the town centre and surrounding area with dignity, independence, and confidence. We provide daily and longer-term hire of mobility scooters, powerchairs, and manual wheelchairs at low cost. Our aim is to reduce isolation, support wellbeing, and enable people to participate more fully in daily life — whether for shopping, medical appointments, social contact, or leisure. We have been operating for nearly 20 years and support over 2,000 registered users.
Do you target a specific age range? If so what is it?	While we are open to all ages, the majority of our users are elderly, often with long-term health conditions or mobility challenges.

Do you target disabled groups?	Yes. Our entire service is designed for individuals with disabilities or long-term mobility impairments, including both visible and invisible conditions. We also support those with temporary mobility loss due to injury or surgery.
How much funding are you applying for?	We are extremely grateful for the Parish Council's kind donation of £500 last year, and we would be thankful for any amount the Council deems appropriate on this occasion. As a small organisation, every contribution genuinely helps us to continue offering this essential service to local residents and the wider community.
What is the funding to be used for?	We are applying for support towards our general running costs, including insurance, equipment servicing and repairs, and volunteer expenses. This funding will help us remain operational and continue supporting the many residents who depend on our service, particularly during this challenging period of financial pressure.
Please clearly state how the funding you are applying for will benefit residents of Brympton?	Residents of Brympton use our service regularly. We are the only local provider of mobility scooter and wheelchair hire and we are based just a short distance away, in Yeovil town centre. The funding will ensure continued access to essential mobility equipment for Brympton residents who would otherwise struggle to access shops, banks, healthcare, and social opportunities — improving their mental health, reducing isolation, and promoting independence.
Do you currently receive funding from other sources and, if so, from where and how much?	We do not receive any regular core funding. Our income is a mixture of low-cost hire charges, community fundraising efforts, and occasional one-off grants when successful. However, funding is increasingly difficult to secure, and we are currently operating with a very limited budget and reduced opening hours.
Are you applying to other funding organisations for support and, if yes, who are they?	Yes. We are currently applying to several small trusts and local funders, including the Allen Lane Foundation, the Rhododendron Trust, and Alfred McAlpine Foundation. Amounts vary depending on the funder's focus and criteria.
